# Style Of Fabulous finesse

The shades that comprise the Elevation series, thanks to their sobriety and naturalness, perfectly integrate with the contemporary style of home furnishing. The minute details that characterized the Elevation collection are seen best in the three dimensional structures decor; in the Wall 3D.

for example, built from small bush hammered, honed and sand-blasted pieces, or in the Rub decor, which with its worked surface, tells the story of the material quality of sedimentary stone.

# Decorative Mood

A decorated wall can transform an interior into a lush garden that calms the body and mind.

Leaves, flowers and tropical atmospheres serve as inspiration for a range of decorative surfaces that fit in perfectly with the latest trends in fashion and design.

The exotic atmospheres of the Wide&Style Mini patterns evoke the allure of faraway places allowing one to reconnect with nature without leaving the home.
